Overview

Dear Colleagues,

It is with great pleasure that we invite you to participate in this very exciting conference on 'Management of Soft Tissue Sarcomas: Clinical Update', scheduled to take place on Tuesday 26th September 2023.

The aim of the conference is to provide a state of the art review of multidisciplinary sarcoma care with emphasis on what is new, clinically relevant and controversial in the managements of sarcomas. Topics will include a review of diagnosis, the importance of referral centres and all aspects of multidisciplinary management.

We hope to stimulate in-depth discussions on each topic with ample opportunities to ask questions and to express your own views.

The meeting is open to all healthcare professionals with an interest to sarcomas.

We hope you will be able to join us for this meeting and look forward to seeing you in September.

Professor Dr Robin Jones

Head of Sarcoma Unit, The Royal Marsden NHS FT
Team Leader, Institute of Cancer Research

Sponsors:

The sponsors provided funding for the conference and have stands at the event, but they have had no input into the programme, selection of speakers or topics.
