Welcome

Thank you for your interest in becoming a Sarcoma UK trustee.

I became Chair of the charity in December 2020 and I am one of 12 trustees who are responsible for Sarcoma UK's strategic direction and governance.

We are hugely proud of the impact we have had on sarcoma patients' lives and the progress against the disease but there is a long way to go. Our long-term vision is that **all** people with sarcoma will be diagnosed earlier, have better experiences and live longer lives with less long-term effects.

Last year we celebrated our tenth anniversary as a charity and the theme for our anniversary year was 'People Make Sarcoma UK'. None of the advances we have made would be possible without the hard work and commitment from our staff, our volunteers, our supporters and our partners. We're looking for passionate people to join our Board of Trustees to continue this progress and help us achieve our long term objectives.

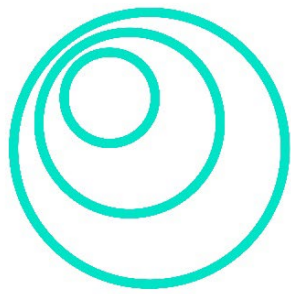

Sarcoma can affect anyone. That's why we fund vital research, campaigns for better treatments and offers of support for everyone. We know that we have more work to do to make Sarcoma UK more representative of all the people affected by sarcoma. That's why we want to hear from you whatever your ethnicity, religion, age, neurodiversity, disability status, economic background, gender identity or expression or sexual orientation or any other aspect which makes you unique.

Being part of Sarcoma UK means that your uniqueness will help bring about a world where fewer people are affected by sarcoma. And that's a win for everyone.

We're bringing about change. Join us in doing that.
